2016 Poster Contest - Residents**

Category	Poster Number	First Name	Last name	Program	Poster Title
CV	1	Abdul	Rishi	Mercy	Aggressive Angiomyxoma: An Extremely Rare, Hormone Sensitive, Locally Aggressive Soft Tissue Neoplasm
CV	2	Basma	Shahid	Mercy	A Case of Thrombotic Microangiopathy Associated with Prostate Cancer Successfully Treatment with Plasmapheresis
CV	3	Han-Chen	Chen	MU	T WAVE CHANGES: CONTEXT OF CARDIAC MEMORY AFTER VENTRICULAR TACHYCARDIA
CV	4	Madiahah	Hepburn	MU	Not Just A Regular Old Clot
CV	5	Jason	Hong	MU	Newer anticoagulants may not be effective in Antiphospholipid Syndrome
CV	6	Devin	Kennedy	MU	Reconciling with Medication Reconciliation: Improving Rates of Admission Medication Reconciliation
CV	7	Tabitha	Ku	MU	Death as an Uncommon Complication of Coxsackie B Myopericarditis
CV	8	William	Stoecker	MU	Fevers in a Veterinarian Student
CV	9	Tushar	Tarun	MU	Hemolytic Uremic Syndrome in an adult after treatment of colitis with antibiotics
CV	10	Sirisha	Vadali	MU	Multimodality imaging in a patient presenting with an uncommon cause of chest pain
CV	11	Sirisha	Vadali	MU	Unusual Case of Bilateral Ostial Coronary Stenosis due to Radiation Therapy
CV	12	Oluwasayo	Adeyemo	SLU	Constrictive Pericarditis: A curious case of Ascites and Edema
CV	13	Arfaa	Ali	SLU	Topamax Induced Renal Tubular Acidosis and High Osmolar Gap
CV	14	Ahmad	Al-Tae	SLU	Hepatic Collision Tumor of CLL and Metastatic Pancreatic Adenocarcinoma: A Case Report
CV	15	Reem	Aoun	SLU	OctreoTRIED in the treatment of Idiopathic Chronic Intestinal Pseudo-Obstruction
CV	16	Sara	Assaf	SLU	Back Pain from Chicken Noodle Soup
CV	17	Stephanie	Cull	SLU	Black Esophagus; An unusual presentation of an unusual disease
CV	18	Benjamin	Harris	SLU	A Reaction Like None Other
CV	19	Aamir	Kazi	SLU	Metastatic Crohns Disease-an eye opener
CV	20	Gebzan	Khneizer	SLU	Self-limited Membranous Nephropathy Following Intravitreal Bevacizumab Therapy
CV	21	Jason	Lunt	SLU	Maxillary Sinus Adenocarcinoma Presenting as Trigemino-cardiac Reflex
CV	22	Hina	Mehta	SLU	Refractory Hypertension from Inappropriate RAAS Activation secondary to Type B Aortic Dissection
CV	23	Kris	Mehta	SLU	Severe Right Heart Failure and Pulmonary Hypertension Complicated by Right Atrial Thrombus: A Diagnostic Dilemma
CV	24	Imran	Shaikh	SLU	Right Ventricular Dysfunction Managed with an Impella RP
CV	25	Wei	Zhang	SLU	A Case of Roseomonas Gilardii-associated Peritonitis in a Patient Undergoing Continuous Cyclin Peritoneal Dialysis
CV	26	Divya	Motkur	SMH-STL	Malakoplakia - a rare case of obstructive uropathy
CV	27	Dipti	Padmalayam	SMH-STL	Amyopathic dermatomyositis-associated interstitial lung disease with the unusual development of airway ulceration and pneumomediastinum
CV	28	Michelle	Shieh	SMH-STL	Pneumococcal Endocarditis: A Blast from the Past

CV	29	Ryan	Singhi	SMH-STL	Life-saving Percutaneous large bore Mechanical Thrombectomy (AngioVac) for embolus in transit in a subtle presentation of Submassive Pulmonary Embolism (PE)
CV	30	Xiuqing	Li	St. Luke's Hospital, Chesterfield, MO	A good thing makes dilemma- The effect of biotin on thyroid function test
CV	31	Talal	Asif	UMKC	Dislodging anchored diagnoses: an unusual presentation of acute appendicitis
CV	32	Badar	Hasan	UMKC	Pancreatitis in the setting of vasoocclusive sickle cell crisis
CV	33	Salman	Khan	UMKC	Melena: as a first presenting symptom of metastatic lung cancer to the stomach
CV	34	Madhuri	Ramakrishnan	UMKC	to anticoagulate or not to anticoagulate: that is the question
CV	35	Shubha	Roy	UMKC	AORTIC DISSECTION vs ERDHEIM CHESTER DISEASE? A unique encounter
CV	36		Sibghat Tul Llah	UMKC	cardiogenic shock: due to broken heart?
CV	37	Siva	Taduru	UMKC	Rheumatic disease in an immigrant pregnant woman: Is it that simple?
CV	38	Arooge	Towheed	UMKC	Coronary artery-pulmonary artery fistula in a orthotopic heart transplanted patient
CV	39	Lina	Ya'Qoub	UMKC	Metastatic Right Ventricular Mass from Squamous Cell Lung Cancer
CV	40	Neal	Akhav	WUSM	57-year-old with metastatic colon cancer presenting with recurrent hypoglycemia
CV	41	Anthony	Dao	WUSM	Diagnostic Challenges of Acute Heart Failure
CV	42	Jeff	Friesen	WUSM	Short an enzyme—and of breath: a man with pyruvate kinase deficiency and subsequent pulmonary hypertension
CV	43	Alonso	Heudebert	WUSM	SCLC presenting as accelerated Cushing's syndrome
CV	44	Paul	Hobbs	WUSM	Mediastinal diffuse large B-cell lymphoma presenting with acquired tracheoesophageal fistula following chemotherapy
CV	45	Christopher	Jones	WUSM	Acute Disseminated Encephalomyelitis (ADEM) in Newly Diagnosed HIV Patient
CV	46	Iris	Lee	WUSM	Syphilis presenting as cloudy vision
CV	47	Jeremy	Louissaint	WUSM	After-Party Paralysis
CV	48	Jordan	Maryfield	WUSM	A Rare Cause of Flank Pain: Klebsiella pneumoniae hypermucoviscous Psoas Abscess
CV	49	Vinaya	Mulkareddy	WUSM	Sugar for Reduction of Incarcerated Rectal Prolapse
CV	50	Jonas	Noe	WUSM	Old Ockham and his razor – renal cell carcinoma, inflammatory vasculopathy with myopathy and voltage-gated potassium channel antibodies in a patient presenting with progressive lower extremity pain
CV	51	Niall	Prendergast	WUSM	It Ain't Easy Seeing Green – Visual Disturbance Due to Leukostasis as a Presentation of CML
CV	52	Yeshika	Sharma	WUSM	A Case Report of Erdheim-Chester Disease Presenting with Histiocytic Colitis and Cytokine Storm
CV	53	Christopher	Tait	WUSM	Systemic amyloidosis presenting as abdominal pain and neuropathy
CV	54	Stephanie	Velloze	WUSM	Post-operative development of Takotsubo cardiomyopathy in a pregnant woman
CV	55	Wendy	Wang	WUSM	Non-Islet-Cell Tumor Hypoglycemia due to Metastatic Colon Cancer
CV	56	James	Watson	WUSM	C. Diff Colitis presenting as Rectal Prolapse in Adults
CV	57	Peter	Yen	WUSM	An organic cause of pain in the era of malingering and narcotic abuse

CV	58	Sheng	Si	WUSM	First Extended Duration Use of Tedizolid for a Prosthetic Joint Infection due to Vancomycin-resistant Enterococci
CV	59	Fiona	Strasserking	WUSM	A Respiratory Infection Leading to Mental Status Changes in a Healthy Adult
PtS&QI	101	Basma	Shahid	Mercy	Educational Intervention to Reduce Inappropriate Use of Proton Pump Inhibitors in Resident Primary Care Clinic
PtS&QI	102	Mahaletwork (Nina)	Assefa	MU	A quality improvement audit to assess ordering patterns of antineutrophil cytoplasmic antibody (ANCA) serologies at the University of Missouri Health Care
PtS&QI	103	Nathan	Robertson	SLU	The Role of Pending Discharges in Expediting the Discharge Process
PtS&QI	104	Aniruddh	Kapoor	SMH-STL	Universal PHQ screening: a low cost, high-impact screening tool
PtS&QI	105	Nida	Ali	St. Luke's Hospital, Chesterfield, MO	Making Health Care Safer: Respecting patient wishes by improving documentation of their code status using the PDSA cycles
PtS&QI	106	Venkat	Arukala	St. Luke's Hospital, Chesterfield, MO	Think once, twice, thrice, before ordering urinalysis
PtS&QI	107	Khushboo	Gandhi	St. Luke's Hospital, Chesterfield, MO	A seemingly benign drug in the spotlight: An educational interention to reduce inappropriate use of PPI.
PtS&QI	108	Farzana	Hoque	St. Luke's Hospital, Chesterfield, MO	Aiming high with high intensity statin: Improving statin therapy in diabetic patients in a resident-run clinic
PtS&QI	109	Mohanna	Abu Ghanimeh	UMKC	A plan To Improve The Quality of Documentation in Resident Primary Care Clinics
PtS&QI	110	Yazan	Ghanem	UMKC	"Improving Compliance with Guideline Recommended Screening Measures of Health Maintenance in TMC-HH clinics: Continuation of a QI Project"
PtS&QI	111	Alexandra	Roman	UMKC	Save the Blood: Reducing Inpatient Phlebotomy at an Academic Hospital
PtS&QI	112	Akshit	Sharma	UMKC	Are you really who you say you are? An insight on medical identity theft
R	201	Nathanial	Nolan	MU	Primary CMV infection as a cause of FUO in immunocompetent adults – a retrospective chart review from a tertiary care center
R	202	Eldin	Duderija	SLU	Assessing Functional Capacity in Acute Decompensated Heart Failure: A New Spin on an Old Problem
R	203	Omar	Al-Abboud	St. Luke's Hospital, Chesterfield, MO	Missing the yellow flags: Does a tardy response trigger the rapid response?
R	204	Sadia	Ejaz	St. Luke's Hospital, Chesterfield, MO	How many false alarms to make one true? Investigating the utility of a Sepsis Alert System in an academic hospital.
R	205	Yee-Shiuan (Andy)	Chen	WUSM	"Bacteroidales species mediate protection against Clostridium difficile infection by limiting access to colonic crypts."
R	206	Joan	How	WUSM	Distinct Clinical, Laboratory, and Molecular Features of Myeloproliferative Neoplasm Patients with Splanchnic Vein Thrombosis
R	207	Joan	How	WUSM	Pulsatile Erlotinib in EGFR-Positive Non-Small Cell Lung Cancer Patients with Leptomeningeal and Brain Metastases
R	208	Arvind	Rengarajan	WUSM	Ineffective Esophageal Body Contraction and Abnormal Esophagogastric-Junction (EGJ) Together Predict Abnormal Esophageal Acid Exposure Better than Either Metric Alone
R	209	Benjamin	Rogers	WUSM	Obesity is Associated with Higher Symptom Burden but Fewer Motor Diagnoses on Esophageal High Resolution Manometry (HRM).

R	210	Daniel	Fox	WUSM	p53 and ATF4 mediate distinct and additive pathways to skeletal muscle atrophy during limb immobilization.
R	211	Andrew	Perry	WUSM	Use of health claims and professional organization endorsements to promote unhealthy beverages for children in Guatemala: Evidence to support package regulations.
