ACP Leadership Day

Missouri ACP sponsors up to six attendees each year to attend the ACP Leadership Day in Washington, DC. The event includes a trip to Capitol Hill to talk with our Congressional leaders about issues important to IM. This year's sponsored attendees were (pictured from left to right): Joshua Mayer, DO; Wes Weske (Student UMKC); William Fogarty, MD; Sana Pirzada, MD, Paula Valino (Student Washington University); and Daniel Jung (Student UMKC).

What is the Governor’s Council?

Missouri ACP is lead by the Governor's Council, but you may not know what that is or what they do. The Governor’s Council consists of:

- The Governor
- Past Governors of MO chapter
- Program Directors of all MO IM and Med Peds residency programs
- Committee chairs
- Secretary Treasurer
- 15 at-large elected members
Council members:

- attend council meetings
- actively serve on 1-2 chapter committees
- establish chapter policy
- approve the annual budget
- act on behalf of the Council in the area of the state they are in and more

At large members are nominated by the nominations committee and can also be self-nominated by anyone interested in being on council

### Advocacy Avenue

**What is a BOG resolution?**

Twice a year we ask for feedback from members on Board of Governors (BOG) resolutions. But what are they?

BOG resolutions are issues ACP members have raised, which through the resolution process are escalated to National and results in actionable items. For example – Spring 2023 Resolution 10: **Advocating Against Restrictive Clauses in Physician Employment Contracts**. The ask is that ACP update resources for physicians so they can negotiate employment contracts to eliminate such restrictive clauses.

**Please reach out if you would like to introduce an issue that you feel needs attention.**

Recommended Reading

I am currently reading *The 5 AM Club* by Robin Sharma. My favorite quote from the book is, “We need more... people who influence not through the strength of a large title and by the threat of a big position but via the power of their characters, the nobility of their expertise, the compassion in their hearts and by their unusual dedication to leaving everyone they meet better than they found them.”
